T o r o n t o, Ont.,

Dear Sir Robert:-

The 85th Annual Convention of the Delta Upsilon Fraternity is being held here at Toronto on the 24th and 25th inst., This is the first time that the Annual Convention has ever been held in Canada, and we assure you that we are doing everything to make it a great success and have no doubt that it will be a great treat for all these visitors to see the fine University that we have here at Toronto.

(25th Oct)

The Banquet is being held at the King Edward Hotel on Saturday evening, and I have been instructed to ask you to be our guest on that occasion, and also to give a short address of welcome to all the visitors immediately after the toasts to the King and President have been proposed. There will be representatives here from about 45 American Universities, and there will also be representatives from many Alumni Clubs from all over the United States, and we are very anxious that you may be with us for that evening.

With kind personal regards -

I remain,
Yours sincerely,
Wilfred C. James

Dear Mr. Jones:

I am sending you some literature that I have just received from Mr. Silcox, one of our graduates. It was used in connection with the Harvard drive, which is now going on. You will probably find it interesting as showing the way in which they undertook their work.

Dear Sir Robert:

You will remember on Tuesday evening at the meeting it was decided to make up a new leaflet dealing with the work of the Memorial Campaign and to distribute this early in the coming month. I have today seen Mr. Gibson and Mr. Scully and we have selected some seven or eight articles from the last three issues of the "Monthly" and we thought that these along with an article showing the progress to date and a short opening article of about 400 to 600 words by yourself, would form a very comprehensive outline of the whole scheme. I would be very glad if you would please let me have this short article as early next week as possible and as soon as I get this from you I can put the whole matter in the printer's hands. This article of yours will be printed on the front page and would be in the nature of a preface. Please let me hear from you as to when you will be able to let me have this.

Yours truly,

Wilfred C. James

Dear Mr. James:

Many thanks for your letter with its gratifying enclosure. It is most satisfactory to know that we have passed $300,000 mark and that we are still going. This ought to mean that next year we should be able to meet the needs of the incoming men with a measure of satisfaction.

As you are now closing the office, allow me to thank you for your work. I know that what you have done has been done ~~very much~~ and therefore well done. I shall always be glad to see you at any time.

Yours sincerely,

President.

Dear Sir Robert -

Thanks very much
for your very kind
letter of the 23rd which
Mr Gibson forwarded
on to me - the work
was interesting and was
of good practical value
and I thoroughly enjoyed it.

2/ and in addition it is always a satisfaction, which helps a great deal, to be working with others who are putting their whole heart into the work - that can be said of practically every member of the Committee.

I saw Mr. Gibson yesterday and he told me of the report from New York - they have done

continue to receive
further encouraging reports
